

Anti Bullying and Harassment Statement

Victims of bullying and harassment will be supported. The collective staff have a responsibility to be vigilant, sensitive, available and responsive. Perpetrators of bullying will be supported to understand their actions, develop positive behaviours and relate to others in an accepting and caring way. The school has a number of linked strategies and practices that combine to achieve the school's stated educational premise.....Ideal school environment.

“For students to flourish and become active and effective Australian citizens with a disposition for life long learning, schools must be safe, accepting and disciplined environments that view others and their world in a respectful and caring manner.”

The creation of a strong sense of belonging and community is a deterrent for anti social / bullying behaviour.

Safe School Environment / Caring Respectful Culture
