

At Port Lincoln Primary School, we value continuity of learning and the strong connections students build with their school community. When students are considering a move between schools, we work collaboratively with families and their current school to support a positive and well-planned transition.

After receiving this Intention to Enrol form, the Principal of Port Lincoln Primary School will contact your child's current school to discuss their enrolment and transition.

We will contact you within 7 days of receiving your Intention to Enrol form to discuss the next steps.
